## MASTTPRO

Masters In Turnkey Projects

### About Us

MASTTPRO is formed by a team of experienced Professionals in the field of Planning and Project Management with expertise in Industrial Green and Brown Field Projects, right from Concept to Commissioning.

As Indian Economy is growing ,there is an ever increasing need of the experienced professionals to partner in the growth. Moreover, an expertise in such a vast field is limited, and those available have their hands full.

We at MASTTPRO, are committed to bridge this gap, and act as the extended partners of the Client, by providing most efficient solutions.

### Vision

To establish MASTTPRO as Masters in Design Planning& Project Management by using latest technologies at optimum cost.

To provide concept to commissioning services and beyond under one roof.

### Mission

MASTTPRO principal Missionis to deliver service of the highest caliber; to actively contribute towards the success of our clients. Our company desires to foster long-term partnering relationships with our clients.

MASTTPRO stresses superior results. We therefore apply hard work to effective strategies in ensuring the success of our projects. We understand that our success depends on close collaboration with our clients, to set objectives, develop analytical studies and conduct periodic reviews to measure our results against our objectives.

- Utility/Process Piping System.
- Compressed Air System.
- Water Distribution System.
- Fresh Air Ventilation System.
- Air Conditioning & Chilled Water System.
- Sewage Treatment Plant.
- Effluent Treatment Plant.
- Gas(LPG/Propane)Storage &Distribution
- P&I Diagram, Isometric Drawings.

## HVAC

- Precision AC.
- Data Center AC.
- Ductable & Package AC.
- VRV/VRF system.
- Clean Room System.
- Chiller Plant.
- Parking& Basement Ventilation.
- Factory Ventilation with Environmentalfriendly GREEN Concepts.

## PMC

### (Project Management Consultancy)

- Design Review
- Bill Of Material View
- Drawings Review
- Site Construction
- Planning & Scheduling

## Design And Engineering Civil

- Building and Utilities in accordancewith the GREEN BUILDING.
- Drainage, storm and sewage.
- Rain Water Harvesting.
- External Infrastructure.
- Facade & Landscaping

## Design of Electrical Systems

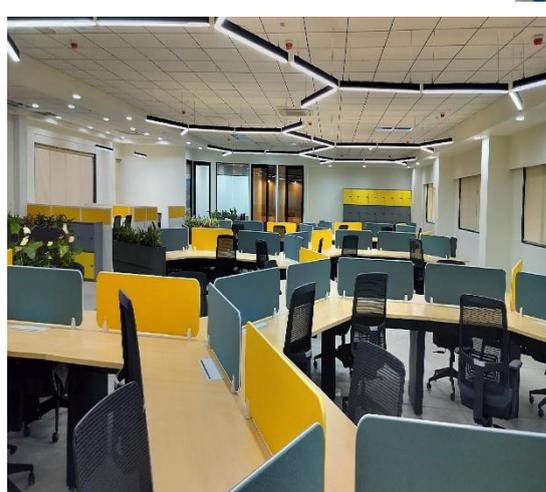

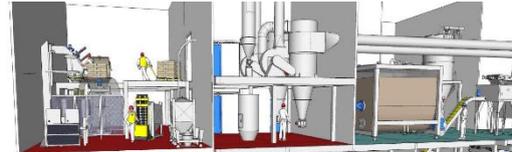

- HighVoltageSubstation,33KV,22KV, 11Kv.
- LT Transmission Lines.
- LT Distribution Network.
- Illumination System.
- Building Internal & External Electrification.
- Energy efficient Electrical Systems as per GREEN BUILDING.
- Building Management system.
- IT Infrastructure.
- Standby power supply arrangement &Diesel Generating set.
- Non- conventional Energy system.
- Energy Audits, Electrical Safety Audits.
- Electrical Department Approval
- Generator Set Registration

## Design of Fire Protection Systems

- Fire Pump House.
- Internal &External Hydrant system.
- Fire Suppression system
- Wet, Dry ,Deluge Sprinkler System.
- Cleanagent,FM-200,c02,Foam suppression system.
- Fire Detection& Alarm system.
- Fire Extinguisher system.
- Hydraulic Flow Calculations
- Fire Department Approvals.

# Projects

- **Sri Ramdas Motor Transport Limited (SRMT), Kakinada-**
  - Design of complete Greenfield project of 10 acres which covers:
  - MEP Design
- **MARS International India Pvt Ltd. Khed City-**
  - Design Of Fire Systems
  - Design of Electrical Systems
- **Coca Cola India Pvt. Ltd., Pirangut -**
  - Study of Electrical System & Up gradation
- **Buffalo Extraction System-**
  - MEP Consultancy Services for Malawi Project:
- **Buffalo Extraction System-**
  - All MEP Work Done
- **Owens Corning-**
  - To provide accurate estimate of investment & other costs for upcoming green field project
- **Fresenius Kabi - Fire System Design as per FM Global Standard**
- **Tetra Pack- Electrical System Design for additional machine center & Automation for warehouse.**
